# CASH CHASERS

A NATIONAL HUNT BETTING SYSTEM

# INTRODUCTION

Thanks for choosing to download our newly released betting system for the National Hunt 2016/17 season.

Unlike the majority of betting systems, which involve several rules and a lengthy time commitment, we've managed to keep things simple with a short selection process that can be largely automated.

Cash Chasers has produced a consistent profit at Betfair start price over the past 5 years; a breakdown of the statistics, and full results history, have been provided at the end of the guide.

I'm confident the system will prove to be a good earner, and a worthwhile addition to your long term betting portfolio.

# THE SYSTEM

Cash Chasers focuses on National Hunt racing, with a rule-set involving specific jockeys, race type, and betting market position.

## System Rules

- 1. Race type is 'Handicap Chase'**
- 2. Position in betting market is 1<sup>st</sup> or 2<sup>nd</sup> favourite**
- 3. Jockey has a minimum of 50 runs under rules 1 and 2**
- 4. Jockey has a minimum profit of 10 points under rules 1 and 2**

Rules 3 and 4 require some in-depth analysis, so to keep things simple a list of the jockeys that currently qualify has been provided:

James Best  
Sean Bowen  
P T Enright  
B J Geraghty  
A Glassonbury

Wayne Hutchinson  
R P McLernon  
T Messenger  
C Poste  
L Treadwell

This list is accurate as of October 2016; it may be useful to review the list annually, since each jockey's SP profit will change over time, and there may also be worthwhile new additions.

# AUTOMATION

Although we can check if our jockeys are running through a manual search, Sporting Life provides a free alert system which lets us know when our jockeys are running.

You can login if you already have an account, or sign up for free if not. If you have an account with Skybet, simply use your user ID and PIN to sign in.

Once logged in, use the search bar to find our jockeys one at a time, like so:

The screenshot shows the 'My Stable' page on Sporting Life. At the top, there is a navigation bar with links for 'Bet £10 Get £30!', 'Hamilton', 'Bath', 'Newton Abbot', 'Prix de l'Arc day', and 'More'. A search bar in the top right corner contains the text 'search sportinglife' and a magnifying glass icon. Below the navigation bar, the page title is 'Racing / My Stable' and the user is logged in as 'Your Selections / Logout (michael)'. The main heading is 'My Stable'. A search bar is highlighted with a red oval, containing the text 'James Best' and a magnifying glass icon. Below the search bar are three radio buttons: 'Horse', 'Jockey' (which is selected), and 'Trainer'. Below the search bar are five tabs: 'Latest News', 'Entries', 'Results', 'Video', and 'Betting'. The 'Latest News' section is highlighted with a red bar and contains the text 'You currently have no news - Please add a Horse.'. The 'Jockeys' section is highlighted with a blue bar. On the right side, there is a 'sky BET' logo and a link to 'View your SkyBet account'. Below this is a table titled 'Your Results' with two columns: 'Event' and 'Result'. The table contains three rows of results:

Once each jockey has been checked, you'll start receiving alerts to your registered email address, listing the races in which each of our jockeys are taking part.

# FINISHING TOUCHES

Although rules 1 and 2 can't be automated, they are easy enough to apply in a matter of seconds:

## **Rule 1: Race type is 'Handicap Chase'**

Once we've received our list of possible qualifiers via email, a quick glance of any online or newspaper racecard will do the trick. The race type is displayed at the end of each race's name.

## **Rule 2: Position in betting market is 1<sup>st</sup> or 2<sup>nd</sup> favourite**

The system performance is based on checking this rule mid-morning, so to get the exact same results I recommend running through the system at this time.

However, the 1<sup>st</sup> and 2<sup>nd</sup> favourite in a race often remains constant from early morning all the way up to race start time, so this rule can be applied at anytime throughout the day to produce a substantial long term profit.

# RESULTS

Cash Chasers has produced the following results since October 2011. The profit levels are based on betting at Betfair start price minus 5% commission.

**Bets: 636**

**Win: 192**

**Strike Rate: 30.19%**

Based on the above strike rate, and a longest recorded losing run of 15, a **50 point bankroll** is recommended.

## Flat Staking

A worthwhile system should be able to produce a profit using flat stakes:

**Points Profit: 206.69**

**Profit at £50 stakes: £10,334.50**

## Compounded Staking

We can grow our bankroll more quickly by recalculating our stake after each bet. Simply divide our current bankroll by 50 e.g. £1,000 bankroll / 50 = £20 stake.

**Points Profit: 1,308.42**

**Profit from £1,000 bankroll: £26,168.35**
